Report

Krupanidhi College of Pharmacy (KCP) had organized the 72 hours certificate course on title **Research Methodology** from **02/09/2021** to **21/09/2021** for **M. Pharm** Students. The Research Methodology course is a foundational module for Bachelor of Pharmacy (B. Pharm) students, aimed at equipping them with essential knowledge and skills to design, conduct, analyze, and report research in pharmaceutical sciences. The course emphasizes the importance of scientific inquiry, evidence-based practices, and ethical considerations in research.

The Resource person emphasised about the course and details to students for preparing them for advanced academic projects and professional roles in the pharmaceutical industry. The course covers key topics such as research design, literature review, hypothesis formulation, data collection methods, statistical analysis, and ethical considerations in research. Students are trained to critically evaluate scientific literature, develop research proposals, and apply appropriate methods for experimental and observational studies. By the end of the course, students gain the skills necessary to undertake independent research projects, interpret findings effectively, and contribute to evidence-based pharmaceutical practices.
