Report

Krupanidhi College of Pharmacy had organized the 72 hours certificate course on title " **IPR AND RESEARCH AND DEVELOPMENT** " from **02/08/2021 to 21/08/2021** for 2nd Year B. Pharm Students.

The course provides a comprehensive understanding of the fundamental concepts of intellectual property, its relevance in pharmaceutical research, and the role it plays in innovation and commercialization. The course emphasizes the importance of patents, copyrights, trademarks, and trade secrets in safeguarding pharmaceutical inventions and encourages students to explore the process of filing patents and protecting their research outcomes. Additionally, it highlights the integration of R&D strategies in drug discovery and development, fostering innovation while addressing regulatory and ethical considerations. By bridging theoretical knowledge with practical insights, this course equips future pharmacists with the skills to contribute effectively to the pharmaceutical industry's intellectual and innovative landscape.
