A Field Trip to KCP Medicinal Garden

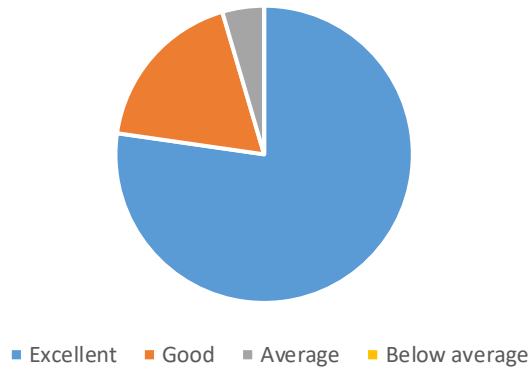

Class: 2nd Year Pharm. D
Subject : Pharmacognosy

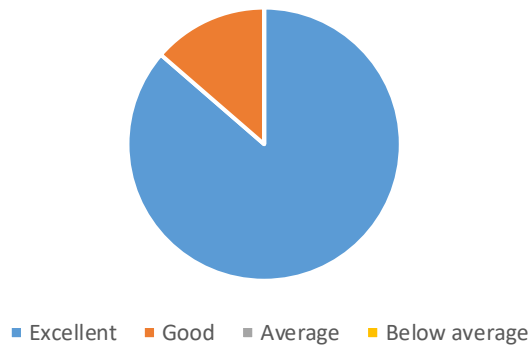

It was on 28th of August that a field trip was planned for KCP Medicinal Garden Bengaluru. We had a great experience visiting the KCP Medicinal Garden. We were guided and taken by our teachers who explored along with us the various shades of green. We got to learn about the habitat, features, growth and all the valuable information of most of the medicinal plants grown in our garden. .

We also explored many trees in the garden and made a note of their morphology, family, genus, species and their characteristics. Examples of plants are Turmeric, Amla, Cinnamon, Insulin plant, Bael etc.

Q3. Outcome and Learning from Field Trip

Q4. Skill Development and impact on student

Q5. Overall Rating
