Teachers Feedback

- Curriculum and syllabus are need based
- Course outcomes are well defined
- Availability of relevant reading materials
- Course balance between theory and application
- Potential of the course to integrate research

Plan of action:

Based on the feedback on the syllabus from stakeholders, here's an ****Action Planned Report**** outlining upcoming initiatives aimed at addressing the concerns and enhancing the educational experience.

Action Planned Report on Stakeholder Feedback on Syllabus

- Establish a curriculum review committee that includes industry experts, alumni, and academic professionals to assess and recommend updates.
- Integrate new topics into the syllabus related to advancements in pharmacy, such as pharmacogenomics, digital health, and artificial intelligence in healthcare.
- Plan to conduct annual curriculum workshops to ensure ongoing alignment with industry standards and regulatory guidelines.
- Expand lab sessions and add new modules to increase practical training, aiming for a balance between theoretical and hands-on learning.

Bengaluru | ISO 9001 – 2015 Certified, Autonomous (UGC)

12/1, CHIKKA BELLANDUR, CARMELARAM POST, VARTHUR HOBLI, BANGALORE - 560 035

- Invest in new equipment and upgrade existing laboratory facilities to support advanced experiments and projects.
- Plan to collaborate with industry partners to offer practical internships, industrial visits, and guest lectures that provide students with real-world exposure.
- Organize a series of faculty development programs focused on innovative teaching methods, including digital tools, interactive learning techniques, and assessment improvements.
- Establish a continuous feedback system for faculty, where students can provide constructive input, helping instructors refine their teaching methods.
- Encourage faculty to participate in national and international seminars and conferences to stay current with industry trends and educational strategies.
- Expand the mentorship program to offer each student consistent academic guidance and career support throughout their studies.
- Develop workshops and seminars on career opportunities in pharmacy, including resume-building, interview preparation, and networking skills.
- Introduce counseling services to provide additional support for students facing academic or personal challenges.
- Set up a structured feedback system that encourages regular input from students, faculty, alumni, and industry partners on the curriculum.
- Develop an annual report to communicate actions taken in response to feedback, keeping stakeholders informed and engaged in the curriculum enhancement process.
- Plan periodic meetings with stakeholders to review feedback trends and jointly discuss potential areas for further improvement.
- Enhance the college's herb garden by adding more medicinal plants, aiming to create a practical learning environment that also supports biodiversity.
- Organize seminars on sustainable practices within pharmacy and healthcare to instill environmental responsibility among students.
- Plan to partner with eco-friendly organizations for student workshops and volunteering opportunities related to green initiatives.
- Expand access to digital resources, including e-books, journals, and interactive platforms that support remote learning and research.
- Plan to collaborate with other institutions to broaden the range of available academic resources, providing students with comprehensive learning materials.
- Upgrade library resources based on curriculum updates, ensuring relevant materials are readily accessible.

The planned actions will be implemented in phases over the upcoming academic year. Progress will be reviewed quarterly to assess effectiveness, make adjustments, and ensure alignment with stakeholder expectations.
