Dear APTI members,

Regards.

The Pandemic has been harsh on all of us. Many teachers lost their life. Many suffered badly. Teachers lost their jobs, their peace of mind. Many of the teachers never got their salary or were given partial remuneration. Scene was bad world over. Still the scare is continuing. We made many efforts through council on all fronts to see justice prevails. Hope the things will improve soon.

Happy to share that our journals got better indexing. APTI bulletin and women forum newsletter doing well with all your support.

APTI has a plan for giving COVID health insurance cover to all its members if desired. Shortly Google form will be circulated for required details.

Various webinars and FDPs have been carried out under APTI banner. Most of the State branches are active and contributing.

We request all members to please keep sending inputs for APTI bulletin and women forum newsletter. Your journals await your patronage.

Hope things will be fine soon and we all will meet at JSS Mysore for the great grand celebrations of APTICON.

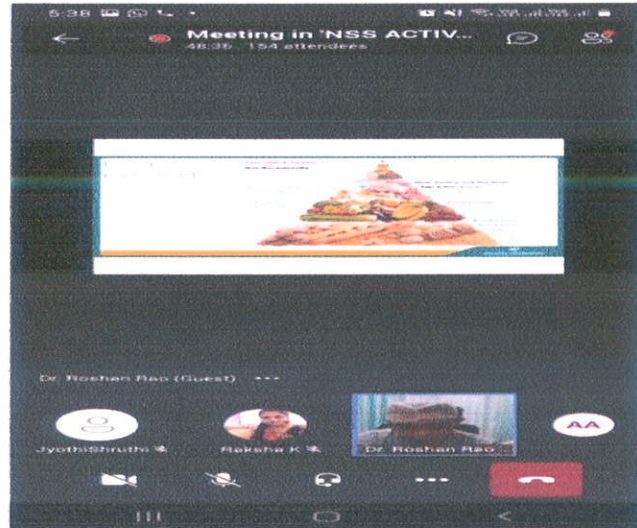

Please take care of yourself and your family.

With Regards and Best Wishes.

JSS Academy of Higher education and Research (JSSAHER) is ranked in the band of 351- 400 by *Times Higher Education* a global ranking Agency. We are at number 2 in India among the 72 Universities that participated in the rankings. Ahead of us is Indian Institute of Science, Bengaluru. There are only three Institutions from India that are in top 500 and JSSAHER is one among them; and no other deemed, private or government university other than the National Institutes are in the top 500. A big thank you to all our well wishers, peers and collaborators. Along with this recognition comes great responsibility to sustain it. We look forward to your continued support and wishes in all our endeavours.

OFFICIAL DESK

Dr. Havagiray R. Chitme
Organizing Secretary
APTICON - 2019

Warm Greetings from Dehradun!

On behalf of the Local Organizing Committee of Association of Pharmaceutical Teachers of India (APTI) 24th Annual National Convention, Dehradun scheduled from 11-13th October, 2019, I extend a hearty welcome to you all. As a part of completion of 20 years of excellence in education, DIT University, Dehradun is hosting the event in association of APTI Uttarakhand State Branch for the first time in Uttarakhand State. The theme of the convention "Holistic Contribution of Pharmacy Gurus for Future Global Leaders – Vision - 2047" is well crafted in context with its hosting Devbhoomi state and integrate the Indian traditional educational values to modern pharmaceutical science with a vision on 100 years independence celebration.

Picking the thread from APTICON-2018 held at Jaipur, it was realized that there is a need to relook into the status of pharmacy education due to globalization. It was also decided to retain Indian traditional educational values and integrate international pharmacy educational system to produce innovative and globally competent researchers, academicians, practitioners and entrepreneurs. An honest effort is in place by the Local Organizing Committee of APTICON-2019 to address certain important issues raised in the meeting by bringing experts from across the world and discipline.

All-out efforts are made by the organizing committee to provide its best in terms of plenary sessions. We are sure that the well-chosen speakers all around the world will share their experiences and mantras with every participant becoming the quality researcher and effective teacher. Their guidance will definitely pave the way for upgrading skills and inculcate the new approach in pharmaceutical sciences required in this challenging era. The convention provides the most ideal platform to exchange views, share research outcomes, learn the new research concepts, skill with

Alwar, Rajasthan Dr. G Jeybalan

IPGA GPAT Rank Holders (2019)

Yawalkar Ankita Nitin (Rank-1) Mumbai
 Mohd Riyaz Beg (Rank-2) Mumbai

Vaibhav Ghegade (Joint Rank-3) Mumbai

Archana Kapse (Joint Rank-3) Mumbai

Mr B R Sikri in his keynote address described the role of pharmacists in next decade, as pharma industry is growing at good pace and requires skilled work force and technicians who are digitally competent, communicative and patient friendly. He compared Academicians as Brahma, Industrialists as Vishnu and youth force (students) as Mahesh as they are innovators and destroyers the outdated ideas with novel techniques.

The vote of thanks was proposed by Mr Tapan Kumar Chaudhuri, Secretary, IPGA West Bengal State Branch. The inaugural session was followed by reciting National Anthem in honour of our country.

The scientific program comprised of the very useful lectures by:

- Shri PP Sharma, Ex-Deputy Drug Controller, Delhi and Ex-Vice President, PCI, on the topic **'How to Bridge Gap between Industry, Regulatory, Academia to Impart Pharmacy Education (India v/s Global).'**
- Shri PK Jaggi, Ex-Licencing Authority, Delhi on the topic **"Safe disposal of Unused Medicines"**
- Dr Ajmeer Ramkishan, Deputy Drug Controller, CDSCO, on the topic **" Blood transfusion-regulations"**
- Mr Abhijit Ghosh, Assistant Drug Controller, CDSCO on the topic **" Medical Devices – Regulations"**
- Poster presentation and evaluation by subject experts was carried out in a meticulous manner in a spacious and dedicated area. Over one hundred students from different Pharmacy colleges had participated in the Poster presentation.
- Ms Prabhleen Pahwa and Ms R Mathangi presented the report on various activities conducted by **IPGA Student Forum** in the past one year and plan of action for the next calendar year. They motivated students to join IPGA SF who were present to build a positive perception of profession of pharmacy in the eyes of the general public.

In the valedictory function, participation certificates were distributed to the delegates. This was followed by a memorable cultural evening which was filled with fantastic performance by a famous bollywood singer.

At the end of the programme, Mr Tapan and Mr Goutam thanked the guests, speakers and the entire members of Local Organizing Committee (including management, faculty members, staff members and student volunteers) for making the event successful.

14th August 2019

Sapling Plantation programme was held on 14-Aug-2019, in the grounds of Mullur Government School as a contribution to one student one tree initiative launched by HRD minister Dr Ramesh Pokhriyal Nishank by The saplings were supplied free of cost by Krupanidhi College of Pharmacy. The purpose of the activity was to raise awareness and consciousness about environment among the students.

Professor Harkishan Singh- a man with a mission*

In 1967-68 I was studying in the final year (1967-68) of the B. Pharmacy course in the Government College of Pharmacy, Bangalore (now Bengaluru) in Karnataka. There was so much of **halla gulla** about Medicinal Chemistry practical examination that our teacher told us read Morrison & Boyd's Organic Chemistry book. We had only one copy of the book in the library and we used to get it issued turn by turn for overnight home reading. There was a sigh of relief on the day of the examination when we came to know that the examiner who was to come from North India could not make it. The examiner was none other than Professor Harkishan Singh!

It took some years before I would have a close encounter with Professor Harkishan Singh. As destiny would have it I ended up serving Panjab University under his stewardship. When I joined Panjab University in January 1979, Professor Harkishan Singh was the Head of the Department. He was responsible for my joining the University as a teacher.

The man with a mission:

Developing Pharmacology Research at PU:

Professor Harkishan Singh had taken a calculated risk in importing me from America. An unknown entity, South Indian- not sure how long he would stick in an unknown territory and always in the lookout for an opportunity to move back to USA or to some other place (I was appointed to a senior position by the University without an interview, which was constantly questioned by political academics on the campus!). I could see this anxiety playing on his (Professor Singh's) mind. But he had a mission to accomplish, i.e. to establish 'Pharmacology research' in the department. Within months of my joining

have participated in this two day event. On 13 December 2018, the invited Speakers for the event Prof. M. Chandra Sekar (University of Findlay, Ohio, USA) delivered a message on "The Challenges and Opportunities for Pharmacy Practitioners in India". Following his talk, another speaker Mr. Satheesh Gottipati (Dean, Vignan Pharmacy college, Guntur) has given a comprehensive insight on "Medication Therapy Management". Dr. Scott Gier (Director of Pharmacy, Wyandot Memorial Hospital, Ohio, USA) has spoken on the Role of Pharmacist in US scenario. He also conducted workshop on Anticoagulation clinics through case studies and provided hands on training to the delegates on INR (International Normalized Ratio) monitoring device. Mr. Daniel Hannig, Pharm D Intern from University of Findlay had delivered a talk on "Impact of Clinical Pharmacist".

On day two, SVCP has conducted e-poster presentation and Quiz Competition for the Student delegates. The Best e-posters in both Pharmacy Practice and Non Pharmacy Practice areas were identified and were presented First and Second Prizes. A total of Six teams have participated in Clinical Pharmacy Practice Quiz of five rounds and two teams were declared winners and runners.

The Director Dr.D. Basava Raju, Principal Dr. K.Prasad and Dr. Kumar VS Nemmani (Director, Research and Projects, SVCP) enlightened gathering about the increasing impact of Clinical Pharmacy services on the nation's health. Vote of thanks proposed by Mr. S.Anil Kumar. Mr. Sri Prasad Raju, Admin Director SVES, Bhimavaram graced the event.

57th National Pharmacy Week celebrations were held at Narayana Pharmacy College from 18- 24 November 2018. The inaugural function was graced by the college Principal Dr. K. Harinadha Baba and Dr. Chakka Gopinath, Principal, OTRI, JNTUA, Anantapur as chief guest. Dr.Gopinath emphasized on the theme of the year- "Pharmacists for a Healthy India" and also stressed on antibiotic resistance. Later a lecture on Antibiotic Resistance was delivered by Dr. P. Yanadaiah and Dr. K. Arun Chand Roby. Students actively participated in several competitions including pharma quiz, essay writing, elocution and debate.

An awareness rally by the students was held on 24 December carrying

placards with slogans on the rational use of medicine motivating general public on hygiene, sanitation, use of drugs with the support of "Pharmacists- The Drug Experts". The celebrations concluded with a valedictory note by Dr. V. ChandraSekhar, Professor and Head, Department of Community Medicine, Narayana Medical College and Hospital, Nellore. Vice-principal Dr. Sk. Karimulla, Pharmaceutics HOD Dr. S. Sujatha, faculty members and students made the event glorious and successful.

10th November 2018

A walk against drug abuse was organized by the Ministry of Youth Empowerment and Sports, Government of Karnataka in association with Bangalore City Police at St. Joseph's India High School ground opposite to UB city, Bengaluru. 180 students accompanied by the staff members from **Krupanidhi College of Pharmacy** participated in the walk against drug abuse to create awareness amongst the public of Bengaluru. The incidence of drug abuse among children and adolescents is higher than the general population. This is notably because youth is a time for experimentation and identity forming.

Association of Pharmaceutical Teachers of India

Headquarters: Bangalore

APTI - Shri G.P. Srivastava Memorial Award-2018

Prof. Dr. Fakeerappa Veerappa Manvi

The Association of Pharmacy Teachers of India is proud and derives enormous pleasure in conferring 'APTI- Prof. G. P. SRIVASTAVA MEMORIAL AWARD 2018' to Prof. (Dr.) Fakeerappa Veerappa Manvi, Retired Principal and Dean, Faculty of Pharmacy, KLE University, Belagavi during the 70th Indian Pharmaceutical Congress held at Amity University, Noida, Uttar Pradesh, 21st -23rd December 2018.

Prof. (Dr.) F.V. Manvi born on 5th March 1946 is a B. Pharm (1967), Bangalore University, M.Pharm (1969), University of Saugar and Ph.D (1992), University of Bombay specializing in Pharmaceutics. He began his illustrious career as Assistant Professor in 1972 at KLE Society's J N Medical in the Department of Pharmacology and in-charge principal of College of Pharmacy, Belagavi which was running D.Pharm course. He was instrumental in elevating the institution from D.Pharm to B.Pharm, M.Pharm and Ph.D programs. He served as principal till 2012. Dr. Manvi sir was instrumental in starting KLE University, Belagavi and served as Co-ordinator. He is the former President of APTI for two terms. He was the First Dean of Karnataka University, Dharwad, Rajiv Gandhi University of Health Sciences, Bengaluru and KLE Deemed-to-be-University, Belagavi. He has been a Syndicate Member, Chairman Board of Studies of three Universities and Chairman, Education Division, Indian Pharmaceutical Association. He was the Member, Pharmacy Council of India, New Delhi, Chairman, Education regulation Committee, PCI, New Delhi. Dr. Manvi Sir was the Government Nominee, Board of Examining Authority, Drugs Control Dept. Karnataka State Bangalore. Member, Board of Studies of Bangalore, Mysore, Gulbarga, Goa and Mangalore Universities. Member, Governing Body, KLE'S Hospital and Research Center, Belgaum, Life Member of APTI, IPA, ISTE, IPS, IPGA, CRS, APPI etc. Member, Karnataka State Pharmacy Council, Bengaluru

Prof. Manvi was the Life Member, Joint Secretary and Secretary of the prestigious KLE Society, Belagavi. He is associated with several Universities, regulatory bodies, associations, Government agencies and Social responsibilities in various capacities as chairman, expert member, nominee etc. He is responsible for establishing Pharmacy Colleges for KLE Society at Belagavi, Hubballi, Bengaluru, Nipani, Gadag and Ankola which has produced a very large number of pharmacy professionals serving in India and world over. He is instrumental in collaboration for the faculty and student exchange programme with University of Sunderland, UK, University of Illinois, Chicago, USA, Rhodes University, South Africa and Goa University, Panjim, Goa.

Dr. Manvi has published 114 research papers, presented scientific papers, co-authored books/chapters and published patents of which two have been granted. He has under taken six projects, received research grants worth 1.7 crore and guided more than 60 postgraduate students and Ph.D scholars. Prof. Manvi has rendered yeomen services to the profession by conducting QIP programs, Conferences, Seminars, Workshops, Teacher Training Courses sponsored by AICTE, PCI, WHO and other funding agencies. He has established the University department of Education for Health Professionals and Continuing Education for teachers in Health Sciences and introduced e-learning. He was invited to address on health sciences by Global Health for Women's and Children's Health Research of NIH, USA.

Prof. Manvi has the distinction of being decorated with many awards and honors including Best Principal and Life Time Achievement by APTI. He has been recently awarded with Seva Ratna award for his Social contributions and responsibilities towards the society and upliftment of the profession. He has been the guiding force for the students and faculties throughout his tenure as teacher of pharmaceutical sciences and has been bestowed with Teacher of Teachers award from RGUHS and KLE Universities.

The Association of Pharmaceutical Teachers of India applauds the endeavours of Prof. (Dr.) Fakeerappa Veerappa Manvi and wishes him and his family a wonderful life ahead

APTI Celebrates Golden Jubilee Year

OFFICIAL DESK

Dear Pharmacy Teachers, I am extremely happy to write editorial for this special APTI bulletin. This is special for me since pharmacy profession and especially Association of Pharmaceutical Teachers of India proposed my name as President for 69th Indian Pharmaceutical Congress Chandigarh 2017 and which was accepted by other Associations as IPCA members. For a teacher like me it's highest honour in my life whatever small work I have done in last 3 decades.

My message to all of you is while taking TEA everyday just think of this wonderful word and product start our day by stimulating our thinking . TEA T stands for thinking big and dreaming big always. Think of big contribution to pharmacy profession as Teacher. For example teach your subject as world expert, make every presentation live and highly interactive and involve students and ask them to participate in class and see that your lecture is the best one. E in TEA stands for Excellence and whatever you do you as teacher it should be excellent. For example if you are doing research collect all information regarding that subject, do minute observation regarding happening and conclude with all reference whether it's positive result or negative result. Do documentation of everything you observed, read, done in your life so that you can utilise this information whenever we want. Let me tell you that whatever I have done in my life I have documented. I am sending this editorial from Chennai Airport and found display of Amitabh Bacchan advertising for Mankind Pharma for Quality and Economic Medicine. I took the photo in my mobile and this will be utilised for my training to Pharma Industry with storey I have. People called it Excellence but it required your common sense to observe , document and apply. Last word in TEA is A and I e Attitude. In any situation think positive, find out solutions, work hard and try to change the small small things for Quality in your profession. Let me tell you you will enjoy your journey as Pharmacy Teacher which I really enjoyed and reach to this destination. So friends do come to 69 th IPC, do some contribution as sponsorship with your resources and send your advertisement of your college. Your presence will inspire me to deliver my Presidential Address . All the best.

Your's affectionately

Dr. Mahesh D. Burande
President

69th Indian Pharmaceutical Congress Chandigarh 2017

Exhibition for science students was also organized successfully. Faculty members Mr. Agrasen Moon, Mr. G. M. Jawalkar, Ms. Shruti Thakre & Mr. Parag Bhagwatkar took efforts to make this programme successful. All staff & students participated in programme enthusiastically.

Nootan Pharmacy College, Faculty of Pharmacy, Sankalchand Patel University, Visnagar, Gujarat with the support of **Gujarat State Pharmacy Council**, Ahmedabad celebrated one week pharmacist awareness programme as **"National Pharmacy Week-2017"** from 27th November to 2nd December- 2017. The theme of national pharmacy week is **"Know your medicines: Ask your Pharmacist"**. Dr. Jayvadan K. Patel, Dean & Principal, Faculty of Pharmacy, Dr. J. R. Patel, Provost, Shri P. S. Patel, President, Sankalchand Patel University inaugurated the function. Dr. Jayvadan K. Patel has given insights into role of pharmacist in healthcare system. Various events such as Blood donation camp, Pharma rangoli competition, Elocution competition, AIDS Awareness poster competition, Training of online software for clinical research, Pharma Rally, Free medical checkup camp were successfully organized with aim of betterment of patient health with help of pharmacist.

Venkateswara College of Pharmacy, Hyderabad & Dr. Y. Rajendra Prasad, Professor, Department of Pharmaceutical Chemistry, University College of Pharmaceutical Sciences, Andhra University, Visakhapatnam. He has been awarded with "St. John's Pharmacy College Award" for best paper in the subject of Pharmaceutical Analysis by the Association of Pharmaceutical Teachers of India, Bangalore, India. He has 9 years of teaching experience and has published 32 articles in various national and international journals. He is life member of APTI, IPA and IPGA.

09th August 2017

The NSS team of **Krupanidhi college of Pharmacy** has distributed the literature regarding the proper sanitisation and hygiene to the villagers collected from the various departments of the institution on **9th Aug 2017**. NSS Volunteers with the help of Pharmacy practice team were able to distribute literatures which were based on proper sanitation and hygiene. They have distributed nearly 300 pamphlets to the villagers. In the pamphlets, it was explained about the measures for personal hygiene and the sanitisation.

APTI Celebrates Golden Jubilee Year

OFFICIAL DESK

In India, Pharmacy education began with three years degree program at Benares Hindu University (B.H.U.) in 1937. In its initial stages, the curriculum was designed to develop the expertise required for drug standards and quality control in Pharma companies. After the independence, pharmacy act was enacted in 1948 as the nation's first minimum standards of **educational qualification for pharmacy practice, education and profession of pharmacy**. Now in the country, pharmacy needs to become more efficient if it has to fulfill the ever changing

demands made by the patients and the health care system in clinical expertise. In 2008, Provisions of the Act were implemented through Pharmacy Council of India, New Delhi to serve the society along with health care professionals. The quality manpower in any field of pharmacy depends on the quality of teaching in education system. Quality teaching is the exercise of academics and techniques to produce learning outcomes of future manpower. The continuing up-gradation of them is the foremost requirement regarding the numbers of new molecules and innovative drugs flourishing in the market. The first and foremost role of higher education teachers is to be a subject expert who is acquainted with the ways to transmit knowledge.

A scenario of recruitment, retention, and development of faculty members has become an important concern of the pharmacy institutions and universities across India because the shortage of quality faculty has become increasingly acute in recent years. The academic enterprise in pharmacy has been enjoying very rich applicant pools in number, but in integrating teaching and practicing responsibilities as faculty role, the expectations have fallen short and have not reached the necessary extent. Every governing agency is furious about the status of pharmacy academics and is busy in designing protocols to assure quality in pharmacy education. But in spite of all these issues, we are lagging behind in bringing a revolutionary change in pharmacy education in the country. In the words of the Prime Minister, "The time has come to create a second wave of institution building and of excellence in the field of education, research and capability building so that we are better prepared for the 21st century". There is an urgent need to initiate an academic exercise aimed at attaining revamping of curriculum, keeping in pace with current and emerging trends in the field of pharmacy. In a framework adopted by FIP on "Policy on Quality

welcomed the gathering. Mrs. Rajeshwari, Counsellor, Networking for HIV positive patients in Trichy district took part in the programme and shared her views and proclaimed that many tend to reject people living with HIV/AIDS (PLHIV) because of their misconceptions about how it is transmitted. Early detection and treatment is therefore vital in delaying the onset of AIDS and strengthening the immune system. With a better

understanding of transmission modes and treatment options, it is possible to increase accepting attitudes towards PLHIV. Dr. S. Vasuki, MD., (STD)., DGO., Professor & Head, Department of Dermatovenereology, KAPV Government Medical College, Tiruchirappalli delivered the lecture. In her lecture she deliberated on the various causes and symptoms of AIDS. She added that World AIDS Day, designated on December 1 every year since 1988, is dedicated in raising awareness of the AIDS pandemic caused by the spread of HIV infection, and mourning those who have died of the disease. She raised awareness currently available methods which can prevent the transfer of HIV virus, and even slow down its malicious effects before they become fatal. She also stressed on the precautionary measures taken to avoid getting infected. Dr. A.M. Ismail, Emeritus Professor and Dr. G. Krishnamoorthy, Vice Principal graced the programme. Dr. T. Shri Vijaya Kirubha, Secretary, Periyar Health Club proposed Vote of thanks.

23rd November 2016

NSS Team of **Krupanidhi college of Pharmacy** has organized Tuberculosis Awareness and Counselling Programme at TB- DOTS centre in Taverekere, Bangalore region in the **month of November 2016**. The patients with pulmonary Tuberculosis were counselled on the importance of adhering to medications, without missing even single dose during the treatment period. Qualities of life of patients were measured, and patients were also counselled on their life style modifications required. Around 85 patients benefited from this programme.

Citation

Bharathi Vidyapeeth (Deemed University) Pharmacy College, Pune

Pharmacy Teacher of the Year 2016

Prof. MILIND PARLE

The Association of Pharmaceutical Teachers of India is immensely pleased to honour Prof. MILIND PARLE with the "Bharathi Vidyapeeth (Deemed University) Pharmacy College Pune - Pharmacy Teacher of the Year 2016" for his outstanding contribution to the profession as a teacher and researcher, during the 21st Annual National Convention of APTI being held at Manipal during 14th – 16th October 2016.

Prof. Milind Parle, born on January 9th 1958, obtained B. Pharm., (1980) from Government College of Pharmacy, Karad, M. Pharm., (1982), and Ph. D., (1986), from Punjab University Chandigarh. Prof. Parle began his illustrious career as principal at S.C.S. College of Pharmacy, Harapanahalli, Karnataka in the year 1987. Later on he shifted to Maharashtra College of Pharmacy, Nilanga as Principal and Professor in the year 1991. He also served as professor at BLDEA College of Pharmacy, Bijapur from 1992 to 1994. Prof. Parle has also served in AICTE as Director for three years (1994-1997). Later on he joined G.J. University of Science and Tech. Hisar in the year 1997 as professor. He is at present serving as Dean of faculty of Medical Sciences, Dept. of Pharm. Sciences of G.J. University.

Prof. Parle, though began his career as Principal and Professor, the research instinct in him never diminished. It is reflected in his more than 215 published research papers, which were cited for more than 2300 times with h-index 26. Prof. Parle also attended as resource person, invited speaker, adjudicator of research papers in several national and international symposia/conferences/workshops. In addition to this he also co-authored chapters in

books and one book. Prof. Parle was awarded several research projects worth about 35 lakhs by various funding agencies. He has guided 9 Ph.D. Scholars and more than 40 M.Pharm. dissertations. He has got several patents to his credit. His research and the laboratory received international recognition and remarkable citations. He is also under-taking consultative and collaborative research projects. In addition to his research, teaching and administrative accomplishments, he also possesses laudable organisational skills, which are manifested in well organised conferences, seminars under his stewardship.

It is again noteworthy that Prof. Parle is having a rare combination of research and sports zeal. He is a renowned Chess player and participated in several FIDE rated international tournaments. He is also serving as office bearer of several socio-cultural organisations.

In recognition of his versatile personality, several research and other awards like best teacher award by Haryan state Govt., Rashtreeya Gaurav award, etc., were bestowed on him.

Professor Milind PARLE is a much loved and revered teacher and researcher, not only by his students but by others as well. The Association of Pharmaceutical Teachers of India congratulates him for his achievements and scholarship and wishes him all the best.
